Goddard's first team played an excellent defensive game, keeping their opponents well blocked, and passed well, but their weakness in throwing baskets which has kept the team down all the season characterized

their playing last evening, and came near losing them the game. Goddard had chances enough to have won the game by twice the score that they did, but time and again they missed the easiest kind of shots for the basket.

The first half started off with considerable fouling on both sides and Montpelier scored two points on fouls while the home team did not seem to be able to throw a foul. After several minutes of playing, however, M. Clark dropped the ball through the net and tied the score. The visitors soon had another basket and a foul and the half ended with the score 5 to 3 in their favor. The last half started off with rather slow playing, but as the half prorather slow playing, but as the half pro-grassed Goddard began to wake up to the situation and in the last three min-utes of the game did some excellent fast work, which swept their opponents off their feet.

The Second Teams' Game. The game between the second teams was too one-sided to be of special interest, save for the excellent work of Brown and Vivian in throwing baskets, both being almost sure of scoring when given half a chance to throw. Vivian made four baskets and a foul and Brown made five baskets. The remainder of Goddard's score was made by Blake, who made four baskets from the floor. For Montpelier, Hoban threw one bas-ket and Wilcox one basket and two

Waterbury High's Walkover.

Waterbury, Feb. 3.—The boys' basket ball team from the local high school had a complete walkover last night in a game with Williamstown high school, the score atanding 43 to 2 in favor of Waterbury. This is Williamstown's first year at the game, and the visitors were plainly not used to it. What they lacked in skill, however, they endeavored to make up in vim and thus gamed a lot of healthful exercise, while Waterbury shot goals. There was, on the whole, very clean playing on both sides, and few fouls were called.

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar allments that does not contain large quantities of alcohol? It is also the only medicine especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Piarce, Buffale, N. Y. for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sell: through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously figurated before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headsches, backaches, bearing-down sensations in lower abdomen, accompanied by weakening and disagresable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacrediy confidential. By consulting in this way the disagresable questionings and personal "examinations" are avoided.
